

UPLB CARES: Connectivity Assistance for Remote Students

The UPLB Connectivity Assistance for Remote Students *a.k.a.* “UPLB CARES” program is the response of UPLB to the UP System’s call to have a *CU* based *Kaagapay* program. Various learning assistance packages such as gadget grants and internet subsidies will be given to students depending on their needs. It aims to rally everyone, alumni, partners, stakeholders, friends, the community, to pour their support to our students, regardless of how big or small their assistance is.

OBJECTIVE:

The general goal of this program is to provide learning support systems and assistance to UPLB students during this transition to the remote, flexible mode of learning.

Specifically, it aims to:

1. provide information to possible partners, alumni, donors, among others about the current needs of UPLB students as the University transitions from face-to-face mode of learning to a remote, flexible modality;
2. encourage individuals, alumni, groups, or organizations to support UPLB students in their remote learning needs by being a donor;
3. determine the students who are at a considerable disadvantage during this remote mode of learning to be granted an assistance package; and
4. assess the status of the program periodically with consequent recommendation for improvements in the procedures for granting financial assistance to students.

QUALIFICATION AND SELECTION

● Who may qualify:
